

かけはし

2022 年
No.1

かけはし

かけはし means bridge or to connect two things. For example, a Japanese group invites Israelis and Palestinians to live together and share the same activities. The group helps them understand each other. They call this activity へいわ (peace)のかけはし. I hope my lesson will connect you and Japanese, so I named this letter かけはし.

つきみ

One of many Japanese cultures is つきみ. In September, Japanese people enjoy seeing the full moon. Generally, pampas grass and dango is offered. When つきみ day approaches, various products related to つきみ are released. For instance, McDonalds sells つきみバーガー. If you have a chance to go to Japan in the Autumn, I recommend trying it, it is very good. In 2022, つきみ day is September the 10th. How about going to see the full moon that day?

おしらせ

- It's helpful for you to pay the tuition fee for October by Thursday the 22th.
- I plan a language exchange on Sunday the 18th at 8 p.m. I'll let you know the Zoom ID later. (I invited over 12 years old students.)
